

SFK Keg Coolers

SFK-4E

Powerful refrigeration for 20L, 30 L or 50L kegs
Environment friendly and energy efficient
Easy to service

SFK

SFK Keg Coolers

The SFK-series of keg coolers has especially been designed to store 20L, 30L and even 50L kegs at a cold and constant temperature.

The Energetic label indicates that each SFK keg cooler is environment friendly and energy efficient. The machine unit is fully detachable enabling quick and efficient service in the field.

PRODUCT CHARACTERISTICS

- Fan assisted refrigeration for quick cool-down
- Better cooling performance with 35% less energy consumption
- Easy to service by detachable machine unit
- Reinforced bottom plate
- Natural refrigerant
- LED illumination
- Feet adjustable from inside
- silver coloured skinplate inside, anthracite coloured skinplate outside
- Electronic thermostat with auto-defrost
- Exchangeable door seals
- Easy breakthrough for beer- and python lines
