

KSC Keg Storage Coolers

KSC-720E

Especially designed for storage of 7 x 20L kegs
Environment friendly and energy efficient
Easy to service

KSC

KSC Keg Storage Coolers

A KSC keg storage cooler often comes in combination with a SFK keg cooler as a pre-cooling unit of 20L kegs.

With special solid shelving and compact dimensions it can be placed everywhere nearby or distant from point of dispense. Just like SFK, the Energetic label indicates that each KSC storage cooler is environment friendly and energy efficient. Also the machine unit is fully detachable enabling quick and efficient service in the field.

KSC-720E

Special solid shelving

PRODUCT CHARACTERISTICS

- Fan assisted refrigeration for quick cool-down
- Better cooling performance with 35% less energy consumption
- Special solid shelving for 20L kegs
- Easy to service by detachable machine unit
- Natural refrigerant
- Adjustable feet
- Silver coloured skinplate inside, anthracite coloured skinplate outside
- Electronic thermostat with auto-defrost
- Exchangeable door seals

KSC-720E

KEG CAPACITY	7 X 20L
COOLING CAPACITY*	630W
POWER CONSUMPTION	240W
REFRIGERANT	R290
TEMPERATURE RANGE	+2°C / +10°C
DIMENSIONS WDXHX (MM)	740 X 750 X 1350

*) TE = -5°C, TC = 45°C, AMBIENT 25°C

THE STANDARD IN ENVIRONMENTAL FRIENDLY REFRIGERATION.
