

SDC Display Coolers

SDC-60

SDC-10

Cold display for premium products

Plug ready

Temperature range 2 – 12°C

SDC

SDC Display Coolers

Premium products deserve an equivalent presentation and cold storage. Serrco SDC Display Coolers have especially been designed to serve this need. Both models are plug ready and can be placed on the counter (SDC-10 can also be built-in). The stainless steel finish emphasizes quality and strength.
